

MODEL	SIZE	DESCRIPTION
350	2-1/2" to 10"	Double Check valve assembly. All parts available.
350DA	2-1/2" to 10"	Double Check Detector Assembly. All parts available.
375	2-1/2" to 10"	Reduced Pressure Principle. All parts available.
375DA	2-1/2" to 10"	Reduced Pressure Detector Assembly. All parts available.
420	1/2" to 1"	Pressure Vacuum Breaker w/ Anti-Freeze Relief valve. All parts available.
450	2-1/2" to 10"	Double Check valve assembly. All parts available.
450DA	2-1/2" to 10"	Double Check Detector Assembly. All parts available.
475 475V	2-1/2" to 10"	Reduced Pressure Principle. All parts available.
475DA	4" to 10"	Reduced Pressure Detector Assembly. All parts available.
550	3/4" to 10"	Double Check valve assembly. Discontinued. Call for availability of parts.
550M	2-1/2" to 10"	Double check valve assembly. Discontinued. Call for availability of parts.
550DCDA	2-1/2" to 6"	Double Check Detector Assembly. Discontinued. Call for availability of parts.
575	3/4" to 6"	Reduced Pressure Principle. Discontinued. Call for availability.
575M	6", 8", 10"	Reduced Pressure Principle. Discontinued. Call for Availability.
720A	1/2" to 2"	Pressure Vacuum Breaker. All parts available.
910	4" to 10"	Single Check valve. All parts available.
950	3/4" to 2"	Double Check valve assembly. Discontinued. All parts available See 950XL
950	2-1/2" to 10"	Double Check valve assembly. Discontinued. All parts available.
950DA	2-1/2" to 10"	Double Check Detector Assembly. Discontinued. All parts available.
950XL & XLV	3/4" to 2"	Double Check Valve Assembly. All parts available.
975	3/4" to 10"	Reduced Pressure Principle. Discontinued. All parts available. See 975XL
975DA	2-1/2" to 10"	Reduced Pressure Detector Assembly. Discontinued. All parts available.
975XL & XLV	3/4" to 2"	Reduced Pressure Principle. All parts available.
