

MODEL	SIZE	DESCRIPTION
07F	4" to 10"	Detector Check for fire sprinkler systems. All parts available.
007	1/2" to 3"	Double Check (DC) valve assembly. All parts available.
009	1/4" to 3"	Reduced Pressure Zone Assemblies (RP). All parts available.
288A	1/4" to 3"	Anti-Siphon Pressure Vacuum Breaker (PVB). All parts available.
700	3/4" to 4"	DC. No longer in production. Call for availability.
709	3/4" to 10"	DC & Double Check Detector Assembly (DCDA). 3/4" to 2" no longer in production. All parts available.
719	1/2" to 2"	DC. All parts available.
757(N)	2-1/2" to 10"	DC & DCDA. All parts available. The DCDA is the same as Ames C300.
770	4" to 8"	DC. All parts available.
772	4" to 10"	DC. All parts available.
773	4" & 6"	DC. Out of production. Internal parts similar 709.
774/774X	2-1/2" to 12"	DC. The 774 is the same as Ames 2000SS. See Ames 2000SS for parts information. For the 774X, see Ames 2000SE.
775(N)	1/2" to 8"	DC. 3" to 6" is out of production. All parts available.
800	1/2" to 2"	Anti-Siphon Vacuum Breaker. All parts available.
008	3/8" to 1"	Health-Hazard Anti-Siphon, Spill Resistant PVB. All parts available.
900	2-1/2" to 6"	RP. No longer in production. Call for availability of parts.
909	3/4" to 10"	RP & RPDA. All parts available.
919	1/4" to 2"	RP. All parts available.
990	4" to 8"	RP & RPDA. All parts available.
992	4" to 10"	RP. All parts available.
993	4" & 6"	RP. Out of production. Internal check parts similar to 909. Internal relief valve parts like 990.
994	2-1/2" to 10"	RP. Same as Ames 4000SS. See Ames 4000SS for parts information.
995	1/2" to 6"	RP. 3" to 6" no longer in production. All parts available.
Seat Removal Tool		For use with the following: 07F, 770, 772, 990, 992.
DET		Potable Expansion Tanks. 2.1 to 14 gallon sizes.
